

Café & Outdoor Furniture

3 Bethesda Metro Center, Suite 700, Bethesda, MD 20814
800-487-6421 libertysystemsinc.com

With the popularity of coffee bars in today's library also comes the need to furnish them. Whether your preference is café tables, booths, lounge chairs or a combination, Liberty Systems has some exciting ideas how you can make the most of your café space.

We know clean ability is important in a library and understand how that need increases when cafes are brought in to your space. We offer seating that is either plastic/polypropylene or vinyl fabrics.

We are also finding many libraries are including outdoor seating spaces in their plans. Where cleanability is important in a café area, furniture that can withstand the elements is important outside.

Liberty Systems can outfit literally any space inside or out with quality furniture that will last many years to come. Please contact us today

This book is just a sampling of the many different styles of café furniture available today. Should you not find the style you are looking for, please give us a call.

Café Tables

Sit down, bar height or stand up tables are all options in popular café areas. These tables are simple designs and at either round, square or rectangular for booths, they can accommodate all seating options.

Many chairs have a stool option which allows your space to have a variety of seating and table options while maintaining a cohesive look. Chairs and stools can be in a plastic/polypropylene or wood seat and back which can easily be cleaned should someone spill their drink.

Booths

Booths provide a great group study space or an interesting spot in a teen space but just like in restaurants, a booth can be a great addition to a café area. There are different booth styles that can all be upholstered in a cleanable vinyl.
