CHAIRS

Seating is a difficult product to cover as there are so many different products and styles on the market today. The purpose of this brochure is to touch base on the most popular and versatile designs available. Many of the chairs shown have several variation, including seat and back material to seat height and color. All of these chairs are rating for public space use.

If you don't find exactly what you're looking for or envisioning, please call us! Our design team is happy to narrow down what will fit your needs and look good in your space!
